FOUNDER'S MESSAGE

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

To Our Clients, Partners, and Future Generations,

WE BUILD TODAY. WE ENGINEER TOMORROW. WE EMPOWER GENERATIONS.

ONE VISION. ONE COMPANY.
LIMITLESS POSSIBILITIES.

- **INTEGRITY** Builds trust.
- **QUALITY** Builds excellence.
- **INNOVATION** Builds the future.
- **SAFETY** Protects lives.
- **SUSTAINABILITY** Preserves tomorrow.
- **ACCOUNTABILITY** Delivers results.
- **PARTNERSHIP** Creates legacy.

When we build, we do not merely raise structures.
We build opportunities. We build progress. We build legacies.
And above all, we build trust.

At LDL Dhenze Residential Building Construction, our mission is clear: to lawfully deliver world-class infrastructure and integrated solutions that improve lives and strengthen the nation—today, tomorrow, and for generations to come.

Our commitment is anchored on integrity that never compromises, quality that never fails, and innovation that creates lasting value. We embrace technology, renewable energy, and Artificial Intelligence as tools to design smarter, build stronger, and operate more responsibly.

We understand that every project we undertake carries public trust and a legal responsibility.
That is why we strictly comply with all applicable laws, codes, and regulatory standards of the Republic of the Philippines. We build with discipline.
We manage with transparency.
We deliver with honor.

To our team—thank you for your dedication.
To our partners—thank you for your confidence.
To our clients—thank you for allowing us to be part of your vision.

Together, let us continue building a better Philippines—stronger, smarter, and more sustainable.

09 INTEGRATED PROJECT DELIVERY

WE DO NOT JUST BUILD PROJECTS.
WE BUILD THE FUTURE THE RIGHT WAY—LAWFULLY, ETHICALLY, AND EXCEPTIONALLY.

OUR PLEDGE

We pledge to uphold the highest standards of professionalism, safety, and environmental stewardship, to empower communities, and to create value that endures beyond our time.

COMPLIANT BY LAW
We observe all applicable laws, codes, and regulations.

ETHICAL BY CHOICE
We do what is right even when no one is watching.

STRONGER TOGETHER
We believe in the power of collaboration and shared success.

BUILDING THE NATION
We contribute to a better, stronger, and more sustainable Philippines.

This message represents the Company's commitment and intent.
All undertakings are subject to compliance with applicable Philippine laws, regulations, permits, and approvals.

FOUNDER & CHIEF EXECUTIVE PROFILE

LEODENIS DEVEZA LANGUISAN

FOUNDER / PRESIDENT / CHIEF EXECUTIVE OFFICER

LDL DHENZE RESIDENTIAL BUILDING CONSTRUCTION

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

BANKING | FINANCE | CORPORATE STRATEGY | CONSTRUCTION | BUSINESS DEVELOPMENT | TECHNOLOGY | EXECUTIVE LEADERSHIP

Leodenis Deveza Languisan brings to LDL Dhenze a multidisciplinary professional background spanning more than two decades across banking and financial services, corporate leadership, business development, operations, construction, petroleum, **cooperatives**, technology, and financial markets. His professional foundation combines financial discipline, commercial experience, operational management, stakeholder relations, regulatory awareness, and strategic leadership.

His career includes experience with **JPMorgan Chase Bank** in mortgage and auto-loan operations, where his responsibilities included account servicing, payment processing and reconciliation, client issue resolution, coordination with underwriting and collections teams, and adherence to internal banking policies, risk controls, consumer-protection requirements, and data-privacy standards. This banking experience provides an important foundation for his approach to corporate management: financial accountability, documentation, controls, compliance, risk awareness, and disciplined execution.

Beyond banking, his background reflects executive and operational leadership across several industries. His résumé records experience in strategic planning, budgeting, forecasting, cash-flow management, procurement, logistics, supplier negotiations, business development, commercial agreements, stakeholder relations, corporate governance, and organizational risk management.

FOUNDATION FOR LDL DHENZE

As Chief Executive Officer of LDL Dhenze, Languisan's stated responsibilities encompass corporate strategy, long-term organizational planning, financial management, contract and supplier negotiations, project execution, resource allocation, procurement, governance, compliance, enterprise risk management, and engagement with investors, financial institutions, contractors, and government stakeholders. His role also includes advancing renewable-energy integration, construction technology, and operational improvement.

This provides the company with a leadership foundation that extends beyond conventional construction management. LDL Dhenze's strategic direction can draw upon the founder's combined exposure to:

- **BANKING & FINANCIAL DISCIPLINE** – financial analysis, budgeting, forecasting, cash-flow management, lending operations and risk controls.
- **CORPORATE GOVERNANCE & COMPLIANCE** – structured decision-making, accountability, documentation, regulatory awareness and enterprise risk management.
- **COMMERCIAL NEGOTIATION** – supplier relationships, contracts, strategic partnerships and stakeholder engagement.
- **OPERATIONS & PROJECT LEADERSHIP** – resource allocation, procurement, multidisciplinary coordination and performance management.
- **TECHNOLOGY & FINANCIAL MARKETS** – information technology education, CRM and digital systems, financial reporting, and experience with forex, commodities and cryptocurrency markets.

FOUNDER'S VISION

> *To build an enterprise where financial discipline meets engineering excellence, where technology strengthens infrastructure, and where every project is approached not merely as a structure to be completed, but as a long-term asset capable of creating enduring economic and social value.*

EDUCATIONAL FOUNDATION

- **Bachelor of Commerce**
  Major in Banking and Finance
  STI College, Baguio City
- **Bachelor of Science in Information Technology**
  Data Center College of the Philippines,
  Baguio City

The combination of finance and information technology is particularly relevant to LDL Dhenze's intended evolution from a traditional construction enterprise toward an integrated platform involving engineering, renewable energy, technological solutions, smart infrastructure, and artificial intelligence.

LEADERSHIP PHILOSOPHY

INTEGRITY – Business relationships must be supported by proper documentation, transparency, accountability, and responsible corporate conduct.

FINANCIAL DISCIPLINE – Projects must be evaluated not only for their engineering potential but also for financial viability, risk, cash-flow sustainability, and long-term economic value.

STRATEGIC EXECUTION – Vision must be translated into structured planning, appropriate resources, qualified professionals, measurable objectives, and disciplined implementation.

INNOVATION – Construction should progressively integrate renewable energy, digital technology, automation, data-driven systems, and artificial intelligence.

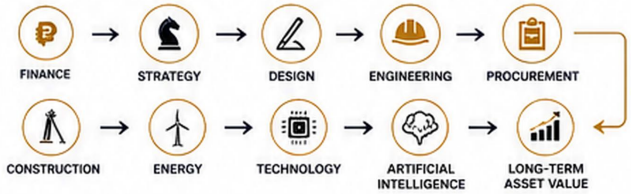

LONG-TERM VALUE CREATION – The objective is not merely to complete projects but to establish infrastructure, partnerships, systems, and institutional capabilities capable of creating sustainable value.

CORPORATE LEADERSHIP STATEMENT

Under the leadership of Leodenis Deveza Languisan, LDL Dhenze seeks to establish itself on a foundation of financial discipline, responsible governance, engineering capability, commercial integrity, technological innovation, and strategic partnerships.

The founder's background across banking, finance, business management, construction-related leadership and technology provides the company with a broad commercial perspective: major development projects require more than construction expertise alone. They require an understanding of capital, risk, contracts, procurement, operations, compliance, technology, stakeholders and long-term asset value.

That principle forms an important part of the strategic foundation of LDL Dhenze. The company therefore envisions an integrated development model connecting:

For legal and investor-facing use, this profile should be presented as a "Founder & Executive Profile" rather than a credential certification.
All statements are based on the attached résumé and should be independently documented or verified before being represented as independently validated facts in financing, government procurement, licensing, or due-diligence materials.

LDL Dhenze Residential Building Construction

LDL DHENZE RESIDENTIAL BUILDING CONSTRUCTION 2023

LDL DHENZE

RESIDENTIAL BUILDING CONSTRUCTION

COMPANY OVERVIEW

LDL Dhenze Residential Building Construction is a Philippine construction and civil engineering enterprise duly established and registered to provide comprehensive, lawful, and professionally executed solutions for the development of residential, commercial, industrial, institutional, and infrastructure projects.

The Company is strategically developing an integrated business platform encompassing **Construction, Engineering, Materials, Heavy Equipment, Architecture, Green Energy, Technology, Smart City Solutions**, and **Artificial Intelligence**, to be pursued in strict accordance with applicable law and, where required, through duly licensed professionals, accredited contractors, and appropriately regulated corporate vehicles.

It is the Company's objective to provide clients, developers, corporations, government instrumentalities, investors, and strategic partners with lawful access to an increasingly integrated range of solutions, from project conceptualization and architectural planning through engineering, procurement, construction, equipment deployment, renewable-energy integration, intelligent infrastructure, and advanced technology.

The Company holds the position that the construction industry of the future shall no longer be confined to concrete, steel, equipment, and manpower, but shall instead **integrate physical infrastructure with renewable energy, intelligent systems, digital connectivity, automation, data, and Artificial Intelligence.** The Company intends to participate responsibly in this transformation, subject at all times to full regulatory compliance.

OUR COMMITMENT

LAWFUL & COMPLIANT
Committed to all applicable laws, rules, and regulations.

PROFESSIONAL EXCELLENCE

CORPORATE MISSION

It is the mission of the Company to provide **innovative, dependable, efficient, sustainable,** and **technology-driven solutions** to the construction and infrastructure industry, and, in furtherance thereof, **the Company shall undertake to:**

- Deliver high-quality construction and civil engineering solutions in compliance with applicable building codes and standards;
- Provide construction-material procurement and supply solutions through duly accredited suppliers;
- Provide access to heavy equipment and specialized machinery in accordance with applicable safety and operational standards;
- Integrate architecture, engineering, sustainability, and technology into project development through duly licensed professionals;
- Support renewable and green-energy deployment consistent with the requirements of the Department of Energy and the Energy Regulatory Commission;
- Introduce smart-building and smart-city technologies into modern developments;
- Apply Artificial Intelligence, automation, analytics, and digital technologies to construction and infrastructure operations;
- Establish strategic partnerships and, where appropriate, joint-venture or contractual arrangements with domestic and international manufacturers, technology companies, equipment providers, engineering firms, contractors, developers, financial institutions, and investors, on lawful and mutually binding terms;
- Maintain strict standards of safety, integrity, accountability, regulatory compliance, environmental responsibility, and professional conduct in all undertakings.

ONE COMPANY. ONE INTEGRATED SOLUTION. ENDLESS POSSIBILITIES.

LDL DHENZE

RESIDENTIAL BUILDING CONSTRUCTION

01 | CONSTRUCTION & CIVIL ENGINEERING

The Company's core and currently registered business is construction and civil engineering, consistent with its BIR-registered line of business, **Construction of Other Civil Engineering Projects (PSIC 42900).**

The Company's target capabilities encompass the following categories:

RESIDENTIAL

- Houses and residential buildings
- Housing developments
- Subdivisions
- Townhouses
- Condominium-related construction

COMMERCIAL

- Office buildings
- Hotels
- Resorts
- Retail facilities
- Shopping centers
- Mixed-use developments

INDUSTRIAL

- Manufacturing facilities
- Warehouses
- Logistics facilities
- Processing plants
- Agro-industrial facilities

INFRASTRUCTURE

- Roads
- Site development
- Drainage
- Earthworks
- Utility infrastructure
- Water systems
- Flood-control infrastructure
- Civil engineering works

QUALITY
Committed to excellence in every project.

SAFETY
Safety first in all operations and sites.

INTEGRITY
Upholding honesty, transparency, and professionalism.

SUSTAINABILITY
Building responsibly for a better and greener future.

RELIABILITY
Delivering on our commitments, every time.

BUILT TODAY. ENGINEERED FOR TOMORROW.

Building Infrastructure. Building Communities. Building the Future.

02 CONSTRUCTION MATERIALS & SUPPLY

The Company intends to develop a lawful procurement and construction-material supply network serving internal projects and third-party developments, sourced from duly licensed and accredited suppliers. Target product categories include, without limitation, cement, reinforcing and structural steel, ready-mix concrete, aggregates, sand and gravel, concrete products, roofing, glass, aluminum, lumber, pipes, plumbing and electrical materials, mechanical components, tiles, flooring, doors, windows, paint, waterproofing, insulation, construction chemicals, hardware, and safety equipment.

The Company's strategy is to establish contractual relationships with qualified Philippine and international manufacturers, distributors, importers, and logistics providers, subject to applicable customs, tax, and trade regulations.

CEMENT

STEEL

READY-MIX CONCRETE

AGGREGATES

PIPES

LUMBER

ROOFING

GLASS & ALUMINUM

ELECTRICAL MATERIALS

TILES & FLOORING

PAINT & CHEMICALS

HARDWARE & SAFETY EQUIPMENT

QUALITY MATERIALS · CERTIFIED SUPPLIERS · RELIABLE DELIVERY · COMPLIANCE ASSURED · SUSTAINABLE SOURCING

03 HEAVY EQUIPMENT & MACHINERY

The Company seeks to provide equipment solutions appropriate to projects of varying scale and technical requirement, including excavators, bulldozers, backhoe loaders, wheel loaders, motor graders, road rollers, dump trucks, concrete mixers and pumps, mobile and tower cranes, forklifts, telehandlers, piling and drilling equipment, compactors, generators, air compressors, water trucks, manlifts, and other specialized construction machinery.

The Company's business model may encompass equipment sourcing, procurement, sale, leasing and rental coordination, deployment, maintenance support, spare-parts sourcing, and fleet solutions, in each case subject to applicable registrations, permits, and contractual requirements under Philippine law.

EXCAVATORS

BULLDOZERS

WHEEL LOADERS

MOBILE CRANES

DUMP TRUCKS

CONCRETE MIXERS & PUMPS

FORKLIFTS & TELEHANDLERS

ROAD ROLLERS

GENERATORS & COMPRESSORS

MANLIFTS

WIDE RANGE OF EQUIPMENT · FLEXIBLE SOLUTIONS · RENTAL & LEASING OPTIONS · MAINTENANCE SUPPORT

04 ARCHITECTURAL PLANS, ENGINEERING & DESIGN

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

Through duly qualified and licensed professionals, the Company seeks to provide clients with coordinated architectural and engineering solutions, spanning concept development, master planning, architectural design, engineering, Building Information Modeling (BIM), 3D visualization, cost planning, construction documentation, and project implementation.

- Architectural planning
- Master planning
- Structural engineering coordination
- Civil, electrical, and mechanical engineering
- Plumbing and sanitary systems
- Landscape and interior planning
- Building Information Modeling (BIM)
- 3D architectural visualization
- Quantity surveying and cost estimation
- Value engineering
- Construction documentation

All architectural and engineering services shall be rendered exclusively by duly licensed architects and professional engineers, in compliance with **Republic Act No. 9266 (the Architecture Act of the Philippines)**, the applicable **Civil Engineering** laws, and the rules of the **Professional Regulation Commission.**

CONCEPT DEVELOPMENT | MASTER PLANNING | ENGINEERING COORDINATION | BIM & 3D VISUALIZATION | PROJECT IMPLEMENTATION

PROFESSIONAL EXCELLENCE
Delivered by licensed professionals

INTEGRITY & COMPLIANCE
Upholding laws, codes, and ethical standards

INNOVATION & TECHNOLOGY
Leveraging BIM, digital tools, and modern solutions

SUSTAINABLE DESIGN
Designing for efficiency, resilience, and the future

COLLABORATION & COORDINATION
Working together for successful outcomes

05 GREEN & RENEWABLE ENERGY

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

The Company recognizes renewable energy as a fundamental component of next-generation infrastructure and, subject to compliance with the **Renewable Energy Act of 2008 (Republic Act No. 9513)** and the requirements of the **Department of Energy** and **Energy Regulatory Commission**, intends to pursue the following strategic focus areas:

SOLAR

- Rooftop solar
- Ground-mounted solar
- Solar farms
- Solar carports
- Solar streetlights
- Building-integrated solar

ROOFTOP SOLAR

SOLAR FARMS

SOLAR CARPORTS

SOLAR STREETLIGHTS

BUILDING-INTEGRATED SOLAR

ENERGY STORAGE

- Battery Energy Storage Systems
- Commercial and industrial storage
- Microgrids
- Emergency and backup-energy systems

BATTERY ENERGY STORAGE SYSTEMS

COMMERCIAL & INDUSTRIAL STORAGE

MICROGRIDS

EMERGENCY & BACKUP-ENERGY SYSTEMS

SUSTAINABLE INFRASTRUCTURE

- Energy-efficient buildings
- Smart-grid infrastructure
- EV charging stations
- Waste-to-energy opportunities
- Biomass and biogas opportunities
- Water recycling and rainwater harvesting
- Sustainable building technologies

ENERGY-EFFICIENT BUILDINGS

SMART-GRID INFRASTRUCTURE

EV CHARGING STATIONS

WASTE-TO-ENERGY OPPORTUNITIES

BIOMASS & BIOGAS OPPORTUNITIES

WATER RECYCLING & RAINWATER HARVESTING

SUSTAINABLE BUILDING TECHNOLOGIES

COMPLIANT. RESPONSIBLE. SUSTAINABLE.

All renewable energy initiatives shall be undertaken in full compliance with the Renewable Energy Act of 2008 (R.A. No. 9513) and all applicable laws, rules, and regulations of the Republic of the Philippines.

OUR COMMITMENT

- CLEAN ENERGY SOLUTIONS
- REGULATORY COMPLIANCE
- SUSTAINABLE PARTNERSHIPS
- ENVIRONMENTAL STEWARDSHIP
- LONG-TERM VALUE CREATION

Building a greener tomorrow through innovative energy solutions and sustainable infrastructure.

06 TECHNOLOGICAL SOLUTIONS

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

Modern infrastructure increasingly requires an intelligent digital layer. The Company intends to integrate the following technologies into its projects, subject to applicable data-privacy, telecommunications, and cybersecurity regulations, including the **Data Privacy Act of 2012 (Republic Act No. 10173)**:

- Building Management Systems
- Internet of Things (IoT)
- Smart sensors and intelligent CCTV
- Access-control systems
- Fiber-optic networks and data communications
- Smart metering and energy-management systems
- Command-and-control centers
- Digital project-management and asset-management platforms
- Automated facility management
- Digital twins
- Cloud-connected infrastructure

OUR COMMITMENT

We leverage technology to improve efficiency, enhance safety, reduce costs, and deliver sustainable value for our clients and partners.

DATA PRIVACY & SECURITY | CYBERSECURITY COMPLIANCE | TECHNOLOGY INNOVATION | OPERATIONAL EFFICIENCY | SUSTAINABLE SOLUTIONS | CLIENT VALUE & TRUST

BUILDING THE FUTURE WITH INTELLIGENCE, CONNECTIVITY, AND INNOVATION.

07 SMART CITY SOLUTIONS

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

The Company's long-term strategy includes lawful participation in Smart City and intelligent-community development, integrating the following components:

SMART BUILDINGS
Connected and energy-efficient buildings.

SMART ENERGY
Renewable generation, battery storage, microgrids, and intelligent energy management.

SMART MOBILITY
EV charging, intelligent transportation, traffic management, and connected mobility.

SMART SECURITY
Intelligent surveillance, emergency systems, and centralized command centers.

SMART WATER
Water monitoring, recycling, leak detection, and intelligent distribution.

SMART ENVIRONMENT
Waste management, environmental monitoring, and resource optimization.

SMART GOVERNANCE
Digital platforms, data analytics, and centralized infrastructure monitoring.

The Company's objective is to contribute to a unified environment in which people, infrastructure, transportation, energy, communications, security, and technology operate as **one intelligent ecosystem**, always subject to the prior approval and regulatory oversight of the competent Local Government Units and national agencies concerned.

SUSTAINABLE DEVELOPMENT | IMPROVED QUALITY OF LIFE | OPERATIONAL EFFICIENCY | COST OPTIMIZATION | RESILIENCE & SAFETY | INCLUSIVE GROWTH | FUTURE-READY COMMUNITIES

BUILDING SMARTER CITIES FOR A BETTER TOMORROW.
Connected. Sustainable. Intelligent.

08 | ARTIFICIAL INTELLIGENCE TECHNOLOGY

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

Artificial Intelligence represents one of the Company's most significant future technology directions. Potential applications, to be developed and deployed in compliance with applicable data-privacy and consumer-protection law, include:

AI IN CONSTRUCTION

- Project scheduling optimization
- Construction-progress monitoring
- Cost and procurement forecasting
- Resource allocation and equipment utilization
- Quality-control assistance
- Predictive maintenance
- Safety analytics and project-risk identification

AI IN BUILDINGS

- Intelligent energy management and HVAC optimization
- Predictive maintenance
- Occupancy analytics
- Automated building operations
- Intelligent security

AI IN SMART CITIES

- Traffic analysis
- Infrastructure and environmental monitoring
- Energy-demand forecasting
- Water-management analytics
- Urban-development analytics
- Emergency-response support

AI IN CORPORATE OPERATIONS

- Document automation
- Procurement and inventory analytics
- Financial analytics
- Customer-service automation
- Contract-management support
- Supply-chain forecasting
- Executive dashboards

09 | INTEGRATED PROJECT DELIVERY

ONE VISION. ONE PLAN. ONE TEAM. ONE SUCCESS.

It is the Company's long-term objective to provide clients with an increasingly integrated project-delivery platform, coordinating multiple components of complex development projects under a unified project strategy, structured as follows:

CONCEPT	FEASIBILITY	MASTER PLANNING	ARCHITECTURE & ENGINEERING	PROCUREMENT	CONSTRUCTION	EQUIPMENT	GREEN ENERGY	TECHNOLOGY	ARTIFICIAL INTELLIGENCE	TESTING & COMMISSIONING	OPERATIONS SUPPORT
											
Transforming ideas into possibilities.	Assessing viability. Defining value.	Designing communities. Planning the future.	Engineering solutions. Building with precision.	Sourcing quality. Delivering value.	Building today. Creating tomorrow.	Powering projects. Enhancing productivity.	Sustainable energy. Cleaner tomorrow.	Connecting systems. Empowering progress.	Intelligent solutions. Smarter outcomes.	Ensuring quality. Ensuring readiness.	Supporting operations. Ensuring performance.

INTEGRATED SOLUTIONS | COST EFFICIENCY | QUALITY ASSURANCE | ON-TIME DELIVERY | SUSTAINABLE DEVELOPMENT | INNOVATION DRIVEN | SAFETY FIRST | COMMUNITY IMPACT | LONG-TERM VALUE

BUILDING MORE THAN STRUCTURES.
DELIVERING LASTING VALUE.
BUILDING BETTER FUTURES.

STRATEGIC MARKETS

The Company's intended markets include Residential Development, Commercial Real Estate, Industrial Development, Government Infrastructure, Hospitality, Healthcare, Education, Agriculture and Agro-Industrial Development, Logistics, Renewable Energy, Technology Infrastructure, Transportation, Utilities, Township Development, and Smart Cities, in each case subject to the Company's compliance with the licensing and accreditation requirements applicable to each respective sector.

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

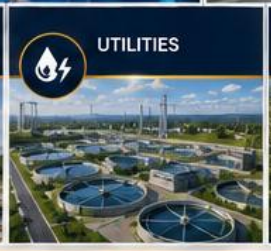

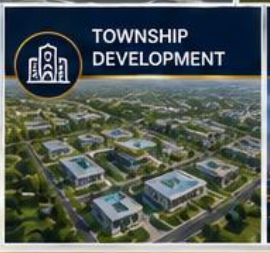

CORPORATE BUSINESS PHILOSOPHY

It is the Company's considered position that the construction enterprise of tomorrow cannot operate merely as a contractor. It must understand engineering. It must responsibly control procurement. It must maintain lawful access to equipment. It must understand energy. It must embrace technology. And, increasingly, it must know how to lawfully deploy Artificial Intelligence.

> The Company's strategic direction is accordingly built around one integrated ecosystem: Design, Engineering, Materials, Equipment, Construction, Energy, Technology, and Artificial Intelligence — **One Integrated Development Platform.**

INTEGRITY
We do what is right in every undertaking.

EXCELLENCE
We pursue the highest standards in everything we do.

SUSTAINABILITY
We build responsibly for a better and greener future.

INNOVATION
We embrace innovation and technology to create lasting value.

PARTNERSHIP
We grow through trust, collaboration, and shared success.

COMPLIANCE
We operate lawfully and uphold all regulatory requirements.

PEOPLE
We value our people and empower them to succeed.

Building Today.
Empowering Tomorrow.
Developing for Generations.

CORE VALUES

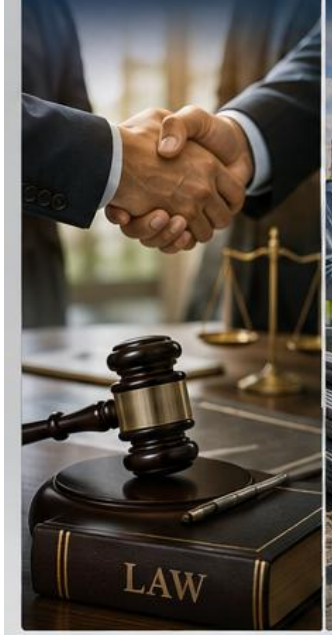

OUR VALUES. OUR COMMITMENT. OUR FUTURE.

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

INTEGRITY

Conducting business responsibly, transparently, and in strict compliance with applicable law.

QUALITY

Pursuing high standards in workmanship, materials, engineering, and technology.

INNOVATION

Embracing technologies capable of improving the built environment.

SAFETY

Making safety a fundamental and non-negotiable consideration in every undertaking.

SUSTAINABILITY

Supporting environmentally responsible development.

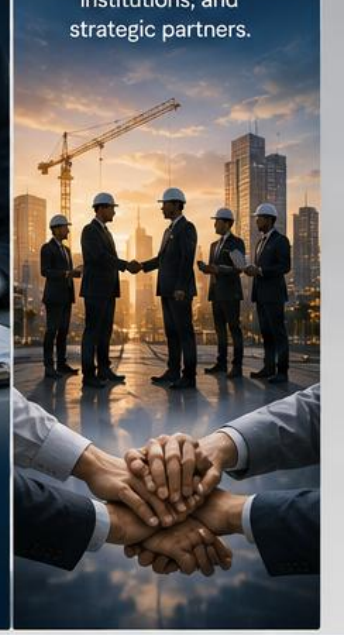

ACCOUNTABILITY

Taking full responsibility for the Company's commitments and performance.

PARTNERSHIP

Building lasting, good-faith relationships with clients, communities, professionals, suppliers, institutions, and strategic partners.

BUILDING TODAY.
EMPOWERING TOMORROW.

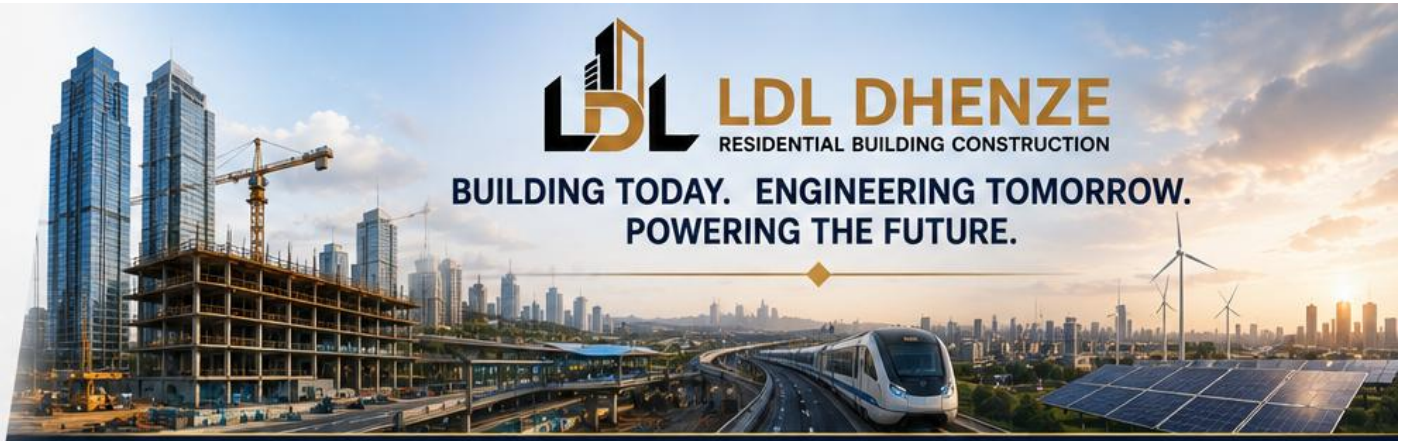

STRONG VALUES | STRONG SYSTEMS | STRONG TEAM | STRONG COMMITMENT

ONE COMPANY.
ONE PURPOSE.
A BETTER FUTURE.

CORPORATE COMMITMENT

LDL Dhenze Residential Building Construction is committed to building more than physical structures. The Company seeks to participate, in full compliance with applicable Philippine law, in the development of the **next generation of Philippine infrastructure** — undertakings that combine sound engineering with renewable energy, intelligent technology, automation, and Artificial Intelligence.

Whether the requirement involves a building, construction-material supply, heavy equipment, an industrial facility, a renewable-energy system, an infrastructure project, an integrated township, or a Smart City, it is the Company's objective to lawfully bring together the **resources, technology, and expertise** required to convert ambitious concepts into **practical, code-compliant, and regulator-approved developments.**

LDL DHENZE
RESIDENTIAL BUILDING CONSTRUCTION

BUILDING TODAY. ENGINEERING TOMORROW.
POWERING THE FUTURE.

CONSTRUCTION | ENGINEERING | MATERIALS | HEAVY EQUIPMENT | ARCHITECTURE | GREEN ENERGY | SMART CITIES | TECHNOLOGY | ARTIFICIAL INTELLIGENCE

REGULATORY COMPLIANCE STATEMENT

The DTI Certificate of Business Name Registration referenced in this Profile is not a license to engage in any kind of business and is valid only for the scope indicated therein. Accordingly, and until the necessary DTI, BIR, Local Government Unit, PCAB, professional regulatory, Department of Energy, Energy Regulatory Commission, or other applicable registrations, licenses, and permits have been duly secured, the business lines described in this Profile beyond the Company's currently registered scope of Construction of Other Civil Engineering Projects are presented strictly as the Company's strategic focus and target capabilities, to be pursued through duly licensed professionals and/or strategic partners, and not as services currently being offered or rendered by the Company.

For inquiries regarding this Corporate Profile, verification of registration, or engagement of the Company's services, prospective clients and partners are advised to contact the Company directly and to conduct such due diligence as they may deem appropriate prior to entering into any binding arrangement.

WE COMPLY
We operate in full compliance with Philippine laws and regulatory requirements.

WE DELIVER QUALITY
We uphold the highest standards in every project we undertake.

WE BUILD PARTNERSHIPS
We collaborate with integrity and respect for lasting relationships.

WE PROTECT THE FUTURE
We commit to sustainable, responsible, and resilient development.

WE CREATE VALUE
We deliver innovative solutions that generate long-term value.

ONE VISION.
ONE COMMITMENT.
ONE BETTER PHILIPPINES.
